## It's Official: People on Yelp Love the Brad Korb Team

People love Yelp's online consumer review forum because it gives would-be customers the inside scoop on just about any local business before they ever walk through the door. Yelp has also officially announced that people on Yelp love the Brad Korb Real Estate Group!

"It came out of the blue. We were not expecting this at all," says Courtney Korb, Brad Korb's daughter and sales manager. "We received an email from Yelp in June telling us that we are recipients of the 'People Love You On Yelp' 2016 award. It is an incredible honor, that we've built such a good online reputation. It opens up great possibilities for future clients. If they want to know what it's like to work with us, they can find out by going to Yelp and reading the reviews."

Yelp, an extremely popular online forum, lets people write honest reviews on everything from restaurants to zoos to real estate teams. The rare handful of companies that receive a "People Love You On Yelp" award get a special sticker to display at their place of business.

"That sticker represents a lot of hard work and trust," Korb said. "We'll be displaying it with pride." ■

### Children Need Swim Lessons for Safe Summer Fun

There is a list of basic life skills all parents instinctively know they must teach their children to keep them safe and healthy. It includes habits like looking both ways before you cross the street, washing your hands with soap and water and eating the right amount of fruits and vegetables every day.

For too many parents, safety in and around water is not on the list; and that's something we need to change.

Fatal drowning is the second-leading cause of unintentional injury-related death for children ages one to 14 years old. In 2013, 60 children between ages zero to five died in California due to drowning. What's more, for every child who dies, another five receive emergency department care for nonfatal submersion injuries, which can result in life-long disabilities.

The YMCA introduced the concept of group swim lessons in 1909. Now, each year in 2,200 pools across the country, the Y teaches more than a million children from all backgrounds invaluable water safety and swim skills. Here in Burbank, the Y teaches over 1,500 children water safety and swimming each year, so they know what to do if they find themselves in the water unexpectedly, a situation every child should be equipped to handle.

The Burbank Community YMCA is committed to reducing water-related injuries in our town. Swim lessons are offered year-round at the Y, but summer is a popular time to start. Children as young as three can begin learning how to respond if they find themselves in unexpected water situations -- from how to reach the water's surface if they submerge to safely reaching a pool's edge or exiting any body of water. The Y also offers financial assistance to Family Members who qualify, so that children have access to these life-saving skills regardless of income.

If you know how to stay safe in and around water, swimming can be a lifelong source of fun and exercise. Instead of keeping your children away from water, help them learn fundamental water safety skills by enrolling them in lessons.

Families interested in starting their child in Y swim lessons may visit [www.burbankymca.org/swimminglessons.php](http://www.burbankymca.org/swimminglessons.php) for more information. ■

### Burbank Tournament of Roses Association

By Robert Hutt

It only took a small amount of arm twisting before Audrey Prest agreed to take on the job as Decoration Chairman! Audrey has previously worked as assistant to the Deco Chair so she knows what to expect! Audrey joins this year's Construction Chairman, Jon Reeves, and Design Chairman, Bob Ford, to complete the "Key Three" folks that, we hope, will bring in another prize-winner for Burbank with our 2017 entry "Home Tweet Home."

The Decorations clock has already been ticking for some time, even before Audrey stepped in! By July, the Decoration Team should have finished the color selections for all the characters and elements for the float. They can't use the full box of crayons because some of the crayon colors can't be achieved using natural, undyed floral materials! An electronic version of the final colored picture will be submitted to Tournament for inclusion in their parade program. The Deco Team will also contribute to a written description of our float theme, animations, types and quantities of flowers, especially the roses! It's all due at the end of the month.

After finalizing the colors and figuring how many of which flowers are needed, as in last month's lesson, we need to order some flowers ... lots and lots of flowers! Its best to get the orders in early since almost everything is grown specifically for us (and the other float builders) and prices will only increase later. Red florals are also popular at Christmas time so we will likely have even more competition with the growers!

As for Construction, the chassis has been out for its annual maintenance work by BWP mechanics. This year, our formal Mechanical Inspection by Tournament officials was done in late June, before we begin building the float structure.

The idea is to give Tournament mechanics better access to the engines, transmission, hydraulic lines, etc. Our first formal Test Drive is still scheduled for early October.

Our Historian has been busy lately tracking down photos and memorabilia of Burbank floats from years past. Visits to Tournament House in Pasadena have yielded some pictures, but we still have many gaps! Even in the 70's and 80's! I think we can fill some of those gaps with your help! Ask your parents, grandparents, even great-grandparents if they have some old pictures stashed in a shoebox. You might even discover a picture of yourself, next to one of our floats or helping to build one of our floats!

If you can part with the original, Great! We would love to have it! Otherwise, we can scan your negatives, slides or prints so you can keep them, while we add to our collection! We've been in the Rose Parade since 1914 so there's bound to be some real treasures out there! Contact us on our website or send a Facebook message!

Get involved! Our regular work schedule is Wednesdays and Saturdays between 10:00 AM and 4:00 PM. The construction site is located at 123 W. Olive Ave. (Please park in the Metro Link lot.) Questions?? Call the Barn at 818-840-0060 or visit our website at: [www.BurbankRoseFloat.com](http://www.BurbankRoseFloat.com)! Check out our Facebook page, too! ■

### Meet Dr. Grant Murray, D.D.S. Kids' Community Dental Clinic Volunteer Hero

Grant Murray, D.D.S. has volunteered most every week at the Kids' Community Dental Clinic only since 2014, but has made a tremendous impact on all of us, including his many patients. Hailing from Vancouver, B.C., Dr. Murray is a 2014 graduate of Boston University School of dental Medicine. He and his wife Kimberly moved to Burbank, and soon thereafter he started treating patients at our clinic. As a new clinician he found the work challenging, especially when he first looked out into the reception area to see all of his young patients waiting to see him.

*Dr. Murray teaching a mom how to prevent decay in her baby.*

"It was a little scary," Grant remembers, but with Ana's and Dale's encouragement and support, I found this to be a great environment to be able to provide quality dental care to our population of young patients. I had all the necessary resources to successfully treat my patients, including our volunteer specialists."

Grant continued, "It has been rewarding to treat local Burbank families, and those that travel long distances, for which they may have no other options for comprehensive, quality dental treatment."

With the positive experiences at the Kids' Community Dental Clinic, Grant made the decision to become a pediatric specialist. He has begun a residency in pediatric dentistry at Boston University. Grant remarked, "After completing my residency, I realize that I will have the skills and education, and that I will want to continue to give back to the community, no matter where Kimberly and I settle. The volunteers and staff of the Kids' Community Dental Clinic have inspired me."

## Zonta Club of Burbank Sponsored Money Workshop for MEND

Qualifying and getting a full-time job is the training several candidates have been receiving at the MEND (Meeting Each Need with Dignity) facility in Pacoima. To assist the candidates, the Zonta Club of Burbank, serving the Foothills and eastern San Fernando Valley communities, recently sponsored a "Money Management" workshop at the site. The purpose of the workshop was to provide education about learning to use banking services, establishing and maintaining good credit scores and an introduction to financial planning for candidates upon completion of training and securing their first full-time jobs.

Wells Fargo Bank, Burbank provided presenters (English and Spanish) along with a power point presentation for the 18 workshop participants. A lengthy question and answer period followed, with attendees ask-

ing and learning how to access information when going online and using provided computers in the recently added MEND computer services room.

Zonta members Chair Marva Murphy, Gloria Salas and Candy Williams formed the committee, which helped to organize the event. Additionally, in support of the candidates, Zonta Club of Burbank held a clothing drive for professional attire; to enable the future training program graduates to dress appropriately for the workplace. Attendees requested a repeat of the workshop for all those who were unable to attend along with additional workshops for learning specifics such as how to purchase a home. The Money Management Workshop is part of Zonta's goal of empowering women through service and advocacy. [www.zontaburbank.org](http://www.zontaburbank.org) ■
