## Strong as Ever after 40 Years: A.J. Holt Bookkeeping, Referred by Brad Korb!

Now on its second generation of clients as well as ownership, A.J. Holt Bookkeeping and Tax Services has been a steadfast resource for Burbank residents for 40 years. Brad Korb, who has been doing business Burbank for about as long, is proud to refer this family-owned company to anyone in the market for tax services. A.J. Holt Bookkeeping is so solid that many clients have stayed with the company even after moving to New York, Japan, and beyond!

"We have clients all over the world now, though they once lived in Burbank," says owner William Holt, whose father started the company in 1976. "I think one of the reasons we're able to give our clients such consistently satisfactory service is that we're enrolled agents, licensed by the U.S. Treasury Department. Basically, we're the equivalent of IRS agents except we're on the side of the taxpayers."

Holt is a big believer in local businesses. Over the years, he has often referred Brad Korb to his own clients: "I know Brad's good reputation and business longevity, so I do recommend him with confidence. The feedback I've gotten from clients about him has always been excellent."

"I'm glad to return the favor, especially with such a long-established local business," says Korb. "I hope people will remember that they have A.J. Holt for every kind of tax question, whether it involves personal, business, or exempt organizations such as churches and service clubs."

### Look What is Coming Your Way! Family Fun Day!!!

SAVE THE DATE: Saturday, October 29, 2016, the Burbank Police Foundation, Burbank Kiwanis for Fun and Burbank Noon Kiwanis will join forces to host a Pancake Breakfast and CAR SHOW and much more, at the newly renovated Johnny Carson Park. The breakfast portion of the day is a fundraiser for any non-profit group that wants to make money: sell a breakfast ticket for \$6.00 and get \$3.00 back! Could anything be easier?! At 11 am there will be a drawing of the breakfast tickets and the winner will get \$1,000.00 (no need to be there to win).

The wait is finally over for the car lovers in Burbank! This will be the first Car Show at our new park! Several fun awards will be given (like "Most Likely to Receive a Speeding Ticket") in addition to the ones for the top 15 cars.

The festivities will start at 8 am and continue until 3:00 pm. The day will include a K-9 demonstration and tactical vehicles on display, vendors, photo booth, costume contest, music, raffle prizes 50/50 drawing, event tee shirts and much more. There will be something for the whole family.

After the breakfast, Kiwanis for Fun will serve a grilled lunch with their famous French fries, the best this side of the Mississippi!

The Burbank Police Foundation is a non-profit, community based organization whose mission is to cultivate a solid partnership between the Burbank Police department and the residents, businesses and institutions it serves. Both Kiwanis Clubs support the youth of our community. Noon Kiwanis sponsors the High School Key Clubs and Burbank Kiwanis For Fun Foundation sponsors an Aktion Club, a service club for developmentally disabled adults. We all need your support as without it we would not be able to assist the members of our community who need help.

If you have a car, truck or motorcycle that you would like to show or if you would like to be a vendor and/or for more information, please contact Tony or Donna Wade, 818 846-8487 818 822-2901 818 822-2903 or panette@pacbell.net ■

### Boys & Girls Club of Burbank and Greater East Valley Member Awarded a Full Dance Scholarship From American Ballet Theatre

Boys & Girls Club of Burbank and Greater East Valley member, James Casey was awarded a full one year dance scholarship from the American Ballet Theatre Company. Through its program Project Plie', Casey will begin his ABT National Training Curriculum Classes in the fall at the ABT affiliate school, RC Dance Center in Burbank. "This is an amazing opportunity for James. We are so proud of him," said CEO, Shanna Warren.

Jose Carayol, and ABT certified teacher "discovered" James when he hosted a Project Plie' class at the Club. "I was immediately impressed with James' talent," said Carayol. "I believe he has a bright future ahead of him if he works hard."

In addition to ballet, James will also be able to work in other disciplines like Jazz, Hip Hop and Tap. The scholarship also includes his ballet shoes and uniform fees.

RC Dance Center has also invited approximately 12 additional Club members to try a free dance class and every semester the Center will donate dance clothes to the Club and offer \$1 Dance Classes. "We are very serious about opening up the world of the dance to Boys & Girls Clubs members," added Carayol.

American Ballet Theatre and Boys and Girls Clubs of America (BGCA) started a partnership in 2014 to introduce children to classical ballet through a master class series at BGCA locations across the country. In 2014, over 600 students participated, and in 2015 over 800 children participated nationwide. From these master classes talented children with the natural ability and desire to dance were awarded with scholarships for ballet training. Fifteen children were

identified for scholarships in 2014 and 37 in 2015. We are very excited to continue exposing children to ballet through this medium again this year.

## Burbank Y Adopts New HEPA Standards For Childcare

The Burbank Y has been serving the community for over 90 years and its mission to help people of all ages grow stronger in spirit, mind & body remains the same. But the Y’s programs for achieving that mission are constantly evolving as new challenges, opportunities and ideas present themselves.

As part of its long-standing fight against childhood obesity, the Y offers an ever-expanding array of physical exercise opportunities for kids to enjoy. At the Burbank Y, you can start your little one swimming at 6 months, learning karate at 3 and playing in a basketball league at 5. Recently, the Y expanded its efforts to combat childhood obesity by adopting the HEPA standards, the first National Healthy Eating and Physical Activity Standards for childcare, afterschool and day camp programs.

The HEPA standards are a set of comprehensive guidelines that include: serving fresh fruits and vegetables every day; offering water as the preferred drink option; dedicating at least 20 percent or at least 30 minutes of morning or afterschool program time

to physical activity; and ensuring that daily physical activity time includes aerobic, muscle & bone strengthening and cardio-respiratory fitness activities.

According to CEO Mary Cutone, “Our Y is especially proud to be part of this new effort to ensure that whenever a child is in our care, we’re helping them to establish healthy habits for a lifetime.” ■

### Burbank Tournament of Roses Association

By Robert Hutt

Everyone knows that the primary distinction of the Rose Parade is that all the beautiful floats are covered with natural floral materials. But what if you need to represent things that are already natural?

Using real trees to represent “tree” elements on your float will not impress the judges with your creativity! You may also find that a picture-perfect tree is hard to find! However, by building a tree skeleton from steel and fastening real branches to the skeleton, you can create an idealized tree in which all of Mother Nature’s “flaws” are corrected. If the float design calls for several 10-15 ft tall ideal trees, it will probably be less expensive to build the beautiful trees! Not sure? Check out the Christmas tree lots next December for yourself! Then check out the pile of scrap branches that you can get for nearly free!

Burbank’s 2017 float, Home Tweet Home, will include a garden in the rear area. Like many gardens, this one will feature carrots and pumpkins. Deco Chairman Audrey Prest, must decide whether to use real pumpkins and carrots or to make them. The float already includes “birds” that range from three to five feet tall. Should garden elements be correspondingly scaled up? Real pumpkins might be recognizable as pumpkins. Would real carrots or carrots as big as your arm be better?

Construction Chairman Jon Reeves, is facing a rapidly approaching deadline! Test Drive 1 is scheduled for the first Saturday in October and work days seem to be in short supply! The inspectors will especially be looking at the driver compartment and the observer compartment and the associated hatchways. These compartments do not just exist in empty space, a considerable amount of the float “pod” must be built as well! Several of the larger animated pieces have been built and are ready to be mounted, if only there was pod structure built.

Although not critical for the Test Drive milestone, fabrication of the construction-worker bird characters is progressing. Nearly all of the birds are built as separate pieces that will be decorated off-float then installed in their pre-built mounts. Several will include hydraulic cylinders and hoses to power the animated wing flaps or rotations. All of these “guts” must be finished before the characters can be screened, painted and decorated!

Interested? Not everything is technical! Our regular work schedule is Tuesdays, Wednesdays and Saturdays between 10:00 AM and 4:00 PM. The construction site is located at 123 W. Olive Ave. (Please park in the Metro Link lot.) Questions?? Call the Barn at 818-840-0060 or visit our website at: [www.BurbankRoseFloat.com](http://www.BurbankRoseFloat.com)! # Need a Good Home Loan Officer? Here's Who Brad Recommends!

Good recommendations mean a lot in an industry where customers deal with loans representing one of their biggest and most important investments, their homes. A top-notch loan team can be critical to a successful real estate transaction or refinance, according to Brad Korb. He confidently recommends someone he uses himself: Brian McKim from Skyline Home Loans (818-844-8207; [bmckim@skylinehomeloans.com](mailto:bmckim@skylinehomeloans.com)).

Many consumers agree with Korb, as per very impressive online Yelp reviews of McKim's service.

"I'm blessed with a good team, it's not just me," says McKim, who has been in the local home loan industry for 15 years. "We've seen a lot of changes, different markets and scenarios, and done a lot of deals. So much can be involved these days. There are so many pieces — numerous documents, disclosures, and conditions. My team are experts in properly facilitating the transaction."

Skyline is a direct lender, giving McKim and his team the autonomy to make quick decisions and have better control over speed and timing. They specialize in all kinds of property loans, from investment and residential to refinancing, helpful to buyers and sellers.

"To really serve clients well, you must be personally accessible at just about any time in the process," says McKim. "Brad and I are a lot alike that way. We serve our clients with an eye to building long-term relationships. That's what comes first."

## I Know You Know Someone!

Dear Friend,

Here's a quick note to let you know how I can help you or anyone you might introduce to me.

Experience shows that more and more people are caught off-guard with current economic difficulties. I imagine you may know people who are in a dilemma like never before, and they don't know what to do. As you look at the following categories, ask yourself, "Who do I know that's in one of these three situations?"

- (1) People who took out an equity line;
- (2) Homeowners facing financial difficulties: job loss, loss of a spouse, divorce, or possibly heading into foreclosure;
- (3) Home sellers who wish they had sold a year or two ago, but for whatever reason, didn't. Now, they feel trapped and don't know what to do.

These people need help, and they need it NOW! The next time you're in a conversation with someone who is in any of these three categories, stop, pick up your phone, look up my number (818-953-5300), and call me immediately. They can count on me to be empathetic, to be there for them, to explore all options, and to treat them with the utmost dignity and care. More than ever before, we need each other. And together, we can make a difference!
