Community Dignitaries on the Bandstand

The 62nd annual Burbank Civitan Baseball Jamboree was held on Saturday, June 9, at George Izay Park. Over 900 Hap Minor League and Pony Tail Ball Players competed in many baseball skills. Trophies, provided by the Burbank, and Burbank Civitan club were presented to the players by members of the Park and Recreation Department. ### The Importance of Wealth Management in a Dynamic World

How is wealth like real estate? For one thing, wealth doesn't manage itself. It requires professional services. In a family or business, wealth has its own set of asset and liability needs. For his long-term management, Brad Korb relies on Richard V. Bertain and David Escobar of UBS Financial Services, recommending them with confidence. Korb says these dedicated Certified Financial Planner™ practitioners consistently use premiere customer service and extensive financial resource knowledge for planning and putting in motion long-term goals and objectives.

Bertain, Senior Vice President with UBS Financial Services, has been providing sound financial advice to clients since 1983, earning designation as Certified Investment Management Analyst from the Wharton School. He and Escobar, First Vice President with UBS, are involved in Burbank community organizations ranging from the Burbank Civitan Club and Boy Scouts of America, to the Burbank YMCA and Leadership Burbank.

Bertain and Escobar's Comprehensive Wealth Management approach for high net worth families and businesses is straightforward and thorough: Identify goals, evaluate the

situation, develop a financial plan, implement it, and monitor and rebalance as needed. They seek "to perform effectively and efficiently, such that each of our clients would be proud to recommend us to their family and friends."

### Burbank Temporary Aid Center Updates

#### BTAC's Success Story of the Month

From living in a car to having a permanent home in an apartment, this month's impact story client is an inspiration to us all. The BTAC's case management team first met this client in December of 2016. When the client, a 54-year-old female, had enrolled in BTAC's Case Management program, she was without a permanent home and was back and forth between different living situations. During her monthly visits to BTAC through the grocery program, she discovered the Permanent Supportive Housing (PSH) program. She took it upon herself to take the next step and took the CES assessment which gave her eligibility for Burbank's PSH program. While working towards her housing goal through the PSH program, the client experienced multiple setbacks including health issues and even having her personal items stolen. Despite feeling like giving up due to these hindrances, she gathered the strength to persist and was encouraged by friends and her case manager until she had completed her application to the housing program. Even after being approved for an apartment, the path to stability was still rocky and full of obstacles. Many apartments throughout Los Angeles had turned her down and she even felt like she had experienced racism that held back her search and success.

This client was able to rise above adversity and her effort came to fruition in May of 2018 when she found an apartment which would become her new home. With news of her housing success, BTAC volunteers were beyond excited for her and even donated household items like towels, bed sheets and shower curtains. With the help of friends, volunteers, and her own perseverance, this client, having the odds stacked against her, gave herself the opportunity for a better life.

#### Volunteer Spotlight

This month's volunteer spotlight goes to Rick and Nora of the BTAC pantry team! This husband and wife duo dedicate their time to working in the BTAC pantry, sorting food and helping clients get their groceries. Together, Rick and Nora have been volunteering at The BTAC for about 3 months and they have enjoyed every fulfilling moment. The BTAC is very grateful for the continued efforts from our great volunteers.

To inquire about volunteering, please contact [awestfall@thebtac.org](mailto:awestfall@thebtac.org)

#### Department of Public Social Services Visits BTAC

Do you have questions regarding Cal fresh grocery services or Medi-Cal benefits? A representative from the Department of Public Social Services will be at The Burbank Temporary Aid center to help you!

Stop by The BTAC on the third Thursday of each month to speak to a representative who can answer your questions about their many services.

## A Rose By Any Other Name...

One day, we received a disturbing phone call at the Burbank Historical Society.

The caller was agitated, if not furious. Her voice was raised and filled with anger.

“Since when don’t you have information about the Rosa Floribunda?!!” she demanded.

Rosa who? Was she looking for a long-lost relative? A Lockheed worker? A starlet?

She kept scolding – for what felt like a long time. And then we realized.

She thought she was calling the LUTHER Burbank Historical Society! (It’s actually the Luther Burbank Home & Gardens Association in Santa Rosa, California.) We get that a lot. Many people think our city was named for Luther Burbank. We’ve heard that there are even employees at City Hall who think so.

We can’t speak for City Hall, but we did clear up the mystery with the upset caller. She even ended up laughing at her mistake. It’s an easy mistake to make. After all, we even have a school right here in Burbank named for Luther Burbank!

Luther Burbank made his name in the world of plants – you know botany and horticulture. At the age of 21, Luther Burbank, who lived in Massachusetts, inherited some money and bought land there where he started “playing” with plant strains. Due to the Irish potato famine, there was a need for a heartier potato. Luther Burbank developed such a thing. The “Burbank Russet,” as it was later called, was his first claim to fame. Burbank sold the rights to his stronger potato for \$150 and moved to the west coast – Santa Rosa, California to be

exact, where he bought a 4-acre plot. (That plot is a beautiful city park now that offers tours of Burbank’s home and gardens.)

Luther Burbank was known as a genius inventor and slightly eccentric showman. He developed literally hundreds of strains of plants – more than 800 in fact! He toyed with all types, from flowers to vegetables. But he wasn’t much of a note-keeper and was criticized for not being a true scientist who documented his methods. Still, what he did was remarkable and his partnership with Stark Brothers Nurseries helped promote and ensure the success of Burbank’s plants.

Have you ever seen a Shasta Daisy? We bet you have and that means you’ve seen Burbank’s work.

But even more importantly, have you ever eaten a McDonald’s French fry? We KNOW you have. And that means you’ve eaten Burbank’s work!

Just remember this: our city was NOT named for Luther Burbank. We were named for a dentist named David. A dentist who just happened to have the money to buy the land that is now our city. It may not be as flowery a tale, but don’t yell at us when you can’t find your Rosa Floribunda!

Home Seller, Shadow Hills, CA

I would like to say the buyer’s agent I worked with was always on top of things and kept me informed of what I should do as far as the process of buying a house. This is my second house that I have bought in Burbank, my first was in 1988. My agent was very knowledgeable about the area and the market conditions as this is a buyers market. She helped negotiate a fair price which was only 10K above our original lowest offer and worked with the seller to split the costs associated with work that needed to be done for a FHA loan. I would recommend the Brad Korb team to friends and family who would need a real estate agent. Thank you very much for your professionalism and dedication.

### Burbank Tournament of Roses Association

By Robert Hutt

As we enter the month of July, various tasks are beginning to converge to accomplish some real float work. Last month's formal Mechanical Inspection of our bare-bones chassis by Tournament inspectors was our first successful milestone. We've completed our spring time welding classes. We can now begin cutting and welding some steel! After much haggling and three rounds of voting by our General Membership, Burbank's float has its official title: "Stompin' Good Time." The color scheme for the rendering is set and the final version should be ready for presentation to the City Council later this month. (Check our website or Facebook page for the date and time.)

The Deco Committee, under the direction of Linda Cozacos, has been busy defining the various floral materials that will be used to decorate each of the elements of the float. The committee must be mindful of the colors in the rendering as they select floral items. Although no materials have been ordered yet, we do have materials that must be processed before they can be used on this year's float. At the top of the list for summer work are combing out cocoa palm fibers for "bear hair" and splitting melaleuca bark which will be used to decorate the Shack.

The Construction Team, headed by Bob Hutt and assisted by returning team members and our newly trained welders, will begin with the foundation of the Shack. Other welders can begin pre-fabricating the walls which will be covered with thin plywood. With the steel framework of the foundation in position, the

general gridwork at the rear of the float can begin. A few sheets of thicker plywood will finish the flooring of the Shack. The wall sections can then be assembled on the floor. The Shack will eventually provide a work space for the animation control box, sound system amplifier, some special effects and the crew member that will be running them!

At the front of the float, work on the observer's compartment can begin. The observer's seat and expanded steel mesh floor comprise an assembly that will be located at the right-front corner of the float. The roof and sides of this compartment will largely be formed by the upside-down washtub upon which our saxophone playing pig will sit.

The beginning welders can hone their skills by building holders for floral arrangements. Florists use cardboard containers that come in standardized sizes. At this point we don't know the exact sizes of the arrangements, but they can generally be categorized as "small," "medium" or "large." Our new welders can build frames for these standard sizes. The frames will be installed at a later date, once their locations on the float gridwork are defined. During Deco Week, the beautiful floral arrangements can just be dropped into the frames that were built several months before!

If you would like to lend a hand to help build Burbank's float, visit the float Barn on any Wednesday or Saturday between 10:00 AM and 4:00 PM. The Barn is located at 123 W. Olive Ave. (under the Olive Ave overpass). The phone number at the Barn is 818-840-0060. Visit our website: [www.BurbankRoseFloat.com](http://www.BurbankRoseFloat.com) and follow us on Facebook! ■

## Boys & Girls Club of Burbank and Greater East Valley Hosted Its 2018 Annual Gala and Auction

The Boys & Girls Club of Burbank and Greater East Valley hosted its 2018 Annual Gala, Be True to Your School on Friday, May 4, 2018 at Lakeside Golf Club.

This year's host was A Martinez, host of “Take Two” on KPCC 89.3. KPCC, based in Pasadena, is a member of National Public Radio, reaches 600,000 listeners daily and is known as “The Voice of Southern California”. “Take Two” captures the spirit of the West in a conversational, informal, witty style and examines the cultural issues people are buzzing about.

CEO, Shanna Warren paid tribute to the evening's honorees, Burbank Unified School District, the Archdiocese of Los Angeles and the Los Angeles Unified School District. “We value our partnerships with these organizations and are so pleased to work together to ensure the youth of our community reach their full potential.”

In addition, the Club's very own Creative Arts Program dance students and members of our D/HH (Deaf and Hard of Hearing) program performed to beach classics like Surfin' Safari and Summertime. The silent auction was the largest in Club

history and in addition to the Live items, that included a Dodge box for 20 and a tour of Jay Leno's garage, three rescue puppies from Paw in Hand were also adopted.

Gala Chair, Mathew Poage updated the audience on the Club's capital campaign to raise money for a new Main Club and with Club members highlighted what they liked most about being members of the Boys & Girls Club.

Proceeds from the evening go directly to our Education programs, including but not limited to: After School Enrichment, Deaf and Hard of Hearing (DHH) program, Creative Arts, Athletics, College Bound, STEM, and Teen Programs.

### McCrorry's Estate Sales by Connor 'Liberates' Clients from Stressful Process

Inheriting a home from a loved one usually means inheriting the furniture, artwork, clothing, jewelry, tools, and other valuables inside, too. Brad Korb has decades of experience helping clients sell inherited real estate at its best value, but first the home must be made move-in ready by removing its contents. To help his clients accomplish that to their best financial advantage, Korb recommends Stephen and Aime McCrorry, owners of Estate Sales by Connor.

"Stephen and Aime's family-run company has built a large, loyal following in Southern California among appraisal specialists, collectors, and reputable antique dealers," Korb says. "The McCrorrys are ethical and extremely professional. They handle every aspect of an estate sale from start to finish, with the goal of getting as much value as possible for clients."

Stephen McCrorry enjoys working with Korb "because when Brad is involved, it's always a smooth transaction," he says. "What we like best about what we do is seeing people liberated from the stress and worry of trying to evaluate, sort, and sell all those items at an emotional time. Many of the items have sentimental value, and some things have value that clients might not realize without our expertise. Our service helps make the whole process much easier."

For more information, visit [www.EstateSalesByConnor.com](http://www.EstateSalesByConnor.com) or call Stephen McCrorry at (310) 228-0943. ■
