### You're Not Trapped in Your Home!!

There are a variety of fantastic and easy-qualify options for senior homeowners to consider for selling their current home and purchasing another. Most seniors (55+) are under the false assumption that they can't qualify for a new home loan to buy a new home. Not true!! It's all possible with a HECM for Purchase reverse mortgage (H4P). Designed exclusively for older homeowners, H4P loans allow seniors to buy a new home while securing a reverse mortgage, and better yet, you do not need to make monthly mortgage payments on the new home!

With home values on the rise, it's likely that most California homeowners have seen a significant appreciation in home values. As such, tapping into this additional equity with a H4P could result in greater loan proceeds than previously available. Since reverse mortgage proceeds come from home equity, the money can be used however you see best fit. Some California senior homeowners have chosen to relocate out of state, purchase a lower-priced home, and use the remaining proceeds to live out their retirement to the fullest. Others have chosen to relocate in-state closer to their family members and loved ones.

With inflation rates surging, many seniors are concerned whether their savings and diminished investment accounts will be sufficient for retirement. With a HECM for Purchase loan, not only can they relocate to their retirement haven – but also access an additional source of cash flow to fund everyday expenses by tapping into their home equity.

Whether you're looking to downsize or upsize, it's all possible with a H4P reverse mortgage loan. Brad Korb can sell your existing home and find you the right property to purchase inside California or virtually any state you'd like to explore.

Give Brad a call to discuss your real estate options and how reverse mortgage financing can help you achieve your goals. Working alongside Brad as a proven partner is Bob Petersen, a Reverse Mortgage Professional with Longbridge Financial, LLC. A leading reverse mortgage lender, Bob and Longbridge provide HECM for Purchase loans to Brad and his team. Brad and Bob can offer a unique solution to assist in buying your next home and providing the expertise to close with a reverse purchase loan.

For the folks who wish to age in place, Longbridge Financial, LLC offers the full suite of FHA HECM loans for refinancing to allow borrowers access to their home equity. Additionally, Longbridge offers their proprietary jumbo reverse mortgage, Longbridge Platinum for high-value homes. Call Bob Petersen if you'd like to discuss.

### Make philanthropy your legacy

Lasting impact begins with a plan

Wealth doesn't manage itself—it requires professional services. In a family or business, wealth has its own set of asset and liability needs. For his long-term wealth management, Brad Korb relies on Richard V. Bertain and David Escobar of UBS Financial Services Inc., recommending them with confidence. Korb says these Certified Financial Planner™ practitioners consistently deliver premiere customer service and extensive financial resource knowledge for planning and putting in motion long-term goals and objectives.

Developing a philanthropic plan can help accelerate your philanthropy, create more impact and ultimately make you feel more fulfilled in your giving. Adopting a planned approach can improve satisfaction with the effectiveness of your giving.

A philanthropic plan should be a living, breathing document. This allows for shifts in the family's passions as well as growing knowledge about the causes you support. It also lets you leverage technological innovations and new thinking from leaders in those sectors.

#### Why are we giving?

Before focusing on the causes you will dedicate your time, talent and resources to, first ask yourself: "Why do I want to give back?" This is where you consider the "why" of giving, rather than the "what" and ask questions like: Do you give out of passion, responsibility or obligation, do you want to honor a loved one, do you donate to bring your family together or teach values, do you want to change the world in which we live, and do you want to fix an issue or protect something beautiful?

In philanthropy, focusing on a specific goal can make it easier to measure your impact, however having too broad a focus can be frustrating when you don't see results. Apply a who/what/where model to help you define your philanthropic focus, and you can effect real, visible change.

#### Choosing charities

Philanthropy is much more than just granting funds to charities that align with your family's passions. A disciplined identification and selection process will help you make smart, systematic decisions about who to support and how. That will help you translate your vision and

strategy into concrete actions. It can also be a good place to start when you're making decisions about grants.

If you'd like a copy of the full UBS report on strategic planning for philanthropy, contact Bertain Escobar Wealth Management team member Taylor Moore at [taylor.moore@ubs.com](mailto:taylor.moore@ubs.com) or call him at 626-405-4735.

Richard Bertain, Senior Vice President with UBS, has been providing sound financial advice to clients since 1983, earning the designation of Certified Investment Management Analyst® from the Wharton School. He and David Escobar, Senior Vice President with UBS, are involved in local community organizations ranging from the Burbank Civitan Club and Boy Scouts of America to the Burbank YMCA and Leadership Burbank.

Bertain Escobar's comprehensive wealth management approach for high net worth families and businesses is straightforward and thorough: Identify goals, evaluate the situation, develop a financial plan, implement it, and monitor and rebalance as needed. They seek to perform effectively and efficiently, such that each client would be proud to recommend them to their friends and family.

### How to Minimize Capital Gains Taxes: Korb Talks 'Owner-Will-Carry'

A bit like the experienced boat skipper who navigates deep water to find the best fishing for his passengers, a good realtor plots a course for the best financing arrangement to minimize capital gains taxes for his sellers.

"We call it 'owner-will-carry,' or 'seller financing,'" Brad Korb explained. "I recently was talking to a client who wanted to sell his property but didn't want to pay such high capital gains. He wasn't aware of the tax deferral he could get if he carried the loan on the property once he sold it."

According to Korb, an example would be of a buyer who put 25% down on the property, with the structure being that the seller take back the loan and carry a note secured by the property, just as a bank would do. **The capital gains taxes would be calculated on the money received rather than full purchase price.**

"The seller also gets a much better return interest rate than he would from putting his money in a bank," Korb added. "I can help the seller when minimizing capital gains is an issue. It's the job of a good agent to help clients through territory that

is new to them, but familiar ground to us."

Korb invites anyone who wants to know more about owner-will-carry structuring to call him at (818) 953-5300.

*When you sell a piece of property with owner financing, it is considered an installment sale instead of a regular sale of real estate for tax purposes. For example, when you sell a house or a piece of land normally, the buyer gives you a lump sum of money for the purchase on the closing date. With an installment sale, the buyer gives you a down payment on the closing date and then gives you regular payments over the life of the contract.*

#### Spread Out the Gain

*When you sell with owner financing and report it as an installment sale, it allows you to realize the gain over several years. Instead of paying taxes on the capital gains all in that first year, you pay a much smaller amount as you receive the income. This allows you to spread out the tax hit over many years. When you sell a property that has appreciated significantly in value, it could require you to pay a large amount of capital gains taxes. ■*

## Burbank Tournament of Roses Association

By Robert Hutt

Many thanks to those vendors and visitors who supported our annual Craft Faire and Open House fundraiser last month. It is our largest single fundraising event and will give us a boost toward building Burbank's 2024 Rose Parade® float. The Design Contest for 2024 is already open and the theme hint is "Music Speaks." Check our website to download an entry form. But I'm getting ahead of myself.

After successfully passing our first test drive, the time pressure is building on the Construction Team. There is still a fair amount of gridwork that we need to do: perfect for our newer welders! The shaping welding on the mountain and the archway still needs some work. By Thanksgiving Construction would like to have all float welding tasks complete. There are still several steps to be completed before foaming can happen. After welding, the next step for the mountain and the arch will be to cover all the contours with window screen. This sticky process is great for getting involved with building your first float! After screening, we will spray the screen with a plastic material known as "cocoon." As it gets applied, the cocoon looks something like a Halloween spider web, but it dries to a nice surface that we can paint and decorate.

We are closed on Thanksgiving Day, but will be open Friday (Nov 25), Saturday (Nov 26) and Sunday (if needed). Hours are 10 AM until at least 4 PM each day at the float site. Bring your own work gloves because with our gloves, one size does not usually fit all. As always, do not wear sandals or flip-flops. Those little steel chips that are sometimes on the floor are very sharp and you do not want to step on one.

For the "pod" area of the float, the long

Thanksgiving weekend will be busy. First, we will use hog rings to fasten chicken wire over all the gridwork. All that chicken wire will then be covered with bedsheets and secured with more hog rings. The foam that we use is applied with a high-pressure sprayer and results in a nice firm surface that we can walk on and paint. However, without the bedsheets, the foam would blast through the chicken wire and cover tires, engines, seats, everything! The last step before foaming is to use masking tape to secure any loose cloth flaps and patch any holes.

We have scheduled Foaming Day for the last Monday of November, but our foam vendor may have a conflict so check the website for last minute changes. Everyone is welcome to watch but be warned that it is a nasty process. As they spray the foam, lots of tiny particles are generated that float in the air and like to stick to plastic eye glass lenses so wear goggles and a face mask. The job takes about two hours. Allow another hour for the foam to fully cure before we can begin cutting open all the hatches and doors.

Our next formal milestone is the Second Test Drive, on Saturday, December 10 at 7 AM. All float riders and out-walkers will be present for the test. Except for the floral decorations, the float should be ready for the parade ... and the fire drill!

Workdays at the site are now Wednesdays, Thursdays, and Saturdays from 10 AM until about 4 PM. Call the float site at 818-840-0060 and we will be happy to answer any questions. While we are not checking vax status, we strongly recommend wearing a mask while volunteering at the site. Our address is 123 W. Olive Avenue, next to the MetroLink parking lot. ## Moreland Trucks

For some of you, you may remember 1975 when the Society received a most generous gift from our benefactor Gordon Howard, and a gentleman named Joseph De Palma. In July of 1975 they donated the 1923 Moreland Bus and 1927 Moreland Truck to Burbank Historical Society.

Besides being antiques, the vehicles were especially significant to us since they were both made by the Moreland Truck Company, which moved to Burbank in 1920. The Moreland plant was located at the corner of Alameda and San Fernando Road, now where Ralph's Market is located.

It was really an exciting occasion early one Saturday morning in July when Society President, Mary Jane Strickland, and members Norm Dexter, Dough Humphrey, Verna and Otis Willson and Stan Lynch watched as Larry's Arco Garage (now gone) towed the bus and truck to the Burbank City Yards. The following weekend, Larry's Arco moved the two vehicles again, this time to Burbank Toyota on South San Fernando Road. Burbank Toyota generously donated a place for the Society to store the vehicles and to work on them.

As luck would have it, Paramount Studios heard about the bus and wanted to use it in their upcoming picture, "Won Ton Ton, the Dog that Saved Hollywood." Because it meant that much of the restoration work on the bus would be done by Paramount, the Society's board of directors made the decision to go ahead and loan the bus to Paramount. The studio said the Society should have it back by October, in time to show it off at the general membership meeting.

In the meantime, they went ahead with the restoration work on the Moreland truck. Norm Dexter was chairman of the restoration project.

While Norm was well qualified for the task, he couldn't do the job alone. He was going to need everyone's help to get the job done. The also needed money to help finance the project. Since they were now "officially" a non-profit organization, all donations were tax deductible.

The Society told everyone to spread the word, tell all of your friends and family, they were invited to join the Society, and encouraged them to donate to this worthwhile cause.

Word went around town, and the question was asked, have you got your "Bus Booster" button yet? The Society made buttons available to everyone that donated \$1.00 or more. All monies earned went toward financing the restoration project for the Moreland bus and truck.

Back in 1975, two more donations were received by the Society. Verna and Otis Willson donated a gavel made from the wood of a pear tree that grew where the City's stream plant stands. The handle of the gavel was made from wood of packing crates Verna's family

used in shipping their belongs here back in 1910.

## Burbank News & Events

### Meet Joe and Kathy McHugh...

I have been friends with Joe and Kathy McHugh since our children were six years old and we enjoyed being in the Burbank YMCA Guides program together in the early 90s. I wanted to introduce them to you in case you need a review your current estate plan or asset protection.

Joe is a highly experienced attorney who has earned an excellent reputation for representing clients in the areas of **California Asset Protection, Estate Planning, (Wills & Trusts), Elder Law (Medi-Cal Planning), Special Needs Planning.** He is the founder and principal attorney of LA Law Center, PC, located near my office in Burbank, California ([www.la-lawcenter.com](http://www.la-lawcenter.com)). Kathy works with Joe in the law firm as the Triage Director and Medi-CAL Expert.

If you have questions about your estate or final wishes, call them at (818)241-4238 and let them know Brad Korb referred you for a free phone consultation. They updated this article so you can understand "how to get your affairs in order" and to easily see what estate planning services they offer to our community.

#### LA LAW CENTER, PC

#### Protecting You, Your Family & Your Legacy Why is Protecting Your Assets and Legacy with a Trust Important?

Right now, if you were asked, "What would happen to your assets if you were gone tomorrow?" would you really have a clear answer? This should be an easy question to answer, however due to various laws, you might be surprised to learn what you are thinking to be your current estate plan, may not distribute your assets or handle your remaining obligations as you think. You should have your documents reviewed at least every 7 years to reflect changes in the laws and in your family situations. We have seen ex-spouses legally, but unintended, get assets due to poor follow-up to estate planning after a divorce!

**Attorney Joseph McHugh has over 30 years of experience in asset protection, estate planning, special needs planning and probates.** He is proud to offer these legal services to the Southern California community and throughout the state. The laws in California are constantly changing and he keeps up to date on the changes and how they affect his clients.

**\*\*An example of California's new real estate laws is PROP 19 (implemented in 2021).** This law potentially destroys your plans to give your children your real estate when you die. In the past (before Prop19) the state allowed children to keep the parent's current Prop 13 property taxes. Prop 19 only allows your children to keep your property tax rate if one of them lives in the house as their primary residence! All other properties will be reassessed. Your family needs to understand options.

#### "I AM NOT RICH... Why Do I Need Estate Planning?"

**Estate Planning** is not just about what happens to your assets after you die. Effective Estate Planning addresses many family issues, from initial planning to ensure you avoid Probate by setting up a trust; to taking steps to avoid possible Conservatorships if you become incapacitated; to preparing for the potential need for Medi-Cal to help pay for Long Term Care.

**We have found that, to most people, Estate Planning (Living Trusts) can be simply defined as follows:**

1. "I want to control my assets while I am alive & well."
2. "I want to provide for myself & my loved ones if I become disabled."
3. "When I die, I want to give what I have to whom I want, when I want, in the way that I want to do it."
4. "I'd like to do all of this now and want to know what it's going to cost me today and have peace of mind that my affairs are in order."

There are several reasons why a **Revocable Living Trust** is important. It accomplishes the following:

1. Eliminates the need for your heirs or surviving spouse to be subjected to the very expensive costs of the Probate Court process, which can take more than 12 months to close.
2. Allows for a trusted person or your choice to manage your trust assets if you become incapacitated (avoids Conservatorships).
3. Provides the vehicle to potentially eliminate or reduce estate or inheritance taxes for high value estates.
4. Provides a means for your appreciable assets (real estate or investments) to be transferred to your beneficiaries with a "stepped-up valuation", which means that potential capital gains tax would mitigated or be avoided.

#### 5. \*\*\*Allows you to give (or not give) assets to who you want them to go to when you die!! Asset Protection Trusts for Californians!... DO YOU NEED ONE?

As for California Business Owners, those in risky professions (i.e. Attorneys, Doctors, Engineers, etc), Landlords and/or Investors (including Cryptocurrencies) or just crazy drivers, it is essential that you make specific plans to protect yourself and your assets from potential lawsuits and in some cases you can reduce high taxes! This is critical, especially if you have assets you do not want to lose and are a target for personal injury lawsuits. LA Law Center has several different Asset Protection Trusts that can provide many needed asset protection solutions, with proven track records of successful results.

You can also set up a Land Trust to protect your privacy so the public cannot easily find out where you live or what property you own (this is particularly important for celebrities, business owners, law enforcement and landlords). It is critical to understand your options.

Joseph (Joe) McHugh, Esq can help you assess if you may need to step up your level of asset protection.

#### If You Have Too Many Assets... How Do You Qualify For Medi-Cal LTC?

As we get older, many families are faced with difficult and important decisions regarding about the safe long-term care of loved one that is physically failing and need help, especially 24/7, around the clock. This can be very expensive, and many people do not look into qualifying for Medi-Cal to help pay for this care.

#### IT IS IMPORTANT To Only Seek Counsel From An Experienced Elder Law Attorney

"Do not believe everything you hear about Medi-CAL, Spend Downs or 5 Year Look Back from Social Workers, Financial Planners, CPAs, or try to file a Medi-CAL application on your own, until you have a consultation to an experienced Elder Law Attorney."

There are more care options that an experienced Elder Law Attorney can suggest for these pressing family issues when they have saved for retirement and have assets.

Joseph McHugh (highly experienced Elder Law Attorney) and his wife Kathy McHugh (Medi-Cal Expert), offer a free consultation and you will be amazed at what strategies are legally available for Medi-CAL Qualifications by gifting assets!

Joe and Kathy can help you plan for both the present and the future through the establishment of Medi-CAL Irrevocable Trusts, Elder Law Power of Attorneys and Health Care Directives. These elder law documents and legal transfer of assets help clients qualify for Medi-Cal that will help pay for nursing home care, while causing the least amount of financial burden to the estate. They can also help you protect your home from Medi-CAL Estate Recovery before the death of the Medi-CAL beneficiary. The Medi-Cal laws are always changing, but the good news is that Joe and Kathy stay up to date on latest changes and can explain how they will affect their clients and Long-Term Care Options.

This is a quick overview of LA Law Center's legal services to help you protect your assets and legacy.

Joe and Kathy are happy to offer a free phone consultation to Brad Korb's referrals.

Just call 818.241.4238 to schedule a free 30-minute appointment.

BTAC has a bounty of food, ready to help you save money on your grocery bills, thanks to our generous community. Our staff and volunteers can help you access other resources including assistance with your BWP bills and sometimes, rent!

BTAC knows it is difficult to ask for help, but we try to make everyone feel welcome and at ease. BTAC's groceries consist of canned and packaged foods, as well as fresh fruits & veggies, often dairy and even meats (thanks to our local grocers). Picking up groceries every month at BTAC can help save money for use on other bills.

#### How does someone sign up for services?

So many people are struggling to make ends meet and many have never had to ask for help. BTAC is here to help you. Burbank residents are welcome and encouraged to sign up for services. It is a simple process.

- Take this information to BTAC on a Tuesday, Wednesday, or Thursday between 9 a.m. and 11 a.m. (we close at noon but need time to get everything into our system and your groceries gathered!)
- You will be signed up and on your way home with groceries before you know it!

#### Homeless Services

Mondays and Fridays are the days BTAC provides groceries, any case management support for those who are homeless. This is also when they can sign up for services.

Homeless clients can opt to receive either a very hearty daily (M-F) sack lunch OR monthly groceries for those who have access to cooking facilities.

#### BTAC has received additional rental assistance funds.

#### BTAC Donation Policy

As you can probably imagine, BTAC has had to make several adjustments during this pandemic. Several items BTAC could previously accept are now not allowed due to health guidelines.

#### BTAC cannot accept any of the following items:

- Any used items: clothing, blankets, towels, etc.
- Previously used grocery bags or any other pre-used bags
- Egg cartons
- Home grown fruits and vegetables.

#### Hours for donations have changed:

- Weekdays, Monday – Fridays: 8:00 a.m. – 3:00 p.m.
- Weekends: by appointment only

**Most Needed Items:** When deciding what food items to donate, keep in mind the kind of things your family needs and enjoys. Also, our families especially appreciate full-size hygiene items, such as toothpaste, body wash, deodorant, etc.

**Monetary Donations are important, too:** Many people are not aware that your monetary donations to BTAC help support BTAC's Bill Assistance program. Whether helping with rent, a BWP or Gas Co. bill or subsidizing transportation – just to name a few, these donations help some of our friends and neighbors to keep from becoming homeless. ■

### Estate Sales By Connor - Planning and Honoring The Process of a Liquidation

In times of uncertainty, it is now, more than ever, a time to assess, reflect and re-group. Observing the current economic landscape, Estate Sales by Connor, like most small businesses, has streamlined a business model to suit current market trends. With over 50 years of combined experience, spanning three generations, Estate Sales By Connor has an expansive knowledge about how to transition your life's belongings into profitable margins.

Estate Sales By Connor is a small boutique, independent, Estate Sale and Liquidation company with a focus on customer service. As they serve the greater LA community in its entirety, they encourage clients to look at the timelines for which to execute a game plan to liquidate, downsize, or resell their possessions. Conducting an estate sale can be overwhelming and hiring the right estate sale company can make all the difference.

Steve McCrory states "although each estate is uniquely diverse, the process of liquidating it is universally similar. 90% of our estate sales are currently in the form of referrals, trustee or

beneficiary holders. We take time to run a formula that works for each particular estate and this planning makes a difference of not only honoring the items collected by the loss of a loved one over the course of their life's journey, but also provides financial benefits which offsets some of the burdening costs."

Taking the time to call in experts to assess your situation is a step often missed by trustees and however much stress you may be going through, it's a step that can alleviate the overwhelming feeling of having to deal with the task at hand.

Estate Sales by Connor has an extensive mailing list, supported by advertising and marketing campaigns. All of which have been honed into a well-crafted science, and encompasses all of their services and the attributes you need when looking for in an Estate Sale company.

Instead of guessing what may be of value, give us a call and let us give you a free complimentary assessment.

For a Evaluation, Contact Stephen or Connor McCrory at 310-228-0943 or 818-848-3278 or email us at thebusinessmuse@gmail.com. ■

### Handling the Homeless with Grace

We noticed an increase in panhandling, sleeping in public and loitering in Burbank. It is perfectly normal to feel numb and want to ignore the homeless, however, that has not worked and the generous nature of human beings has resulted in attracting homeless people from all over the country who come to Burbank because we have a reputation for being a safe, generous community. If we are to successfully eliminate homelessness, it is important to know why so many people are homeless. The great news is that there are simple ways to help without handing out your hard-earned cash.

Here are some facts:

- A high percentage of homeless individuals suffer from addiction and substance abuse is often the cause of homelessness—addictive disorders disrupt relationships with family and friends and often cause people to lose their jobs

- Many homeless individuals steal property to pay for their addiction (you may confirm this with the Burbank Police Department)

- Many prolific offender crimes involve theft to pay for drugs; one of the biggest drivers of property crime in Burbank is the proliferation of meth addicts

- Prolific offenders repeatedly victimize our neighborhoods while cycling through the criminal justice system

- Some prolific offenders with severe mental health issues pose a serious threat to public safety

- Some prolific offenders pose a serious threat to police officer safety

- Prolific offenders fail to comply with court-ordered conditions in almost every case

- Burbank's prolific offenders struggle with addiction, mental health conditions, and homelessness

- Many prolific offenders manipulate the system in order to avoid being booked into jail

- Lawmakers have decriminalized most theft cases perpetrated by the homeless

- Prolific offenders struggling with

homelessness virtually never spend time in jail and remain on the streets to keep committing crimes

- Many homeless people have loving family and friends ready to help them however they refuse help because it usually means they would have to receive formal treatment for their addiction

Here's the chicken and egg conundrum: the big conversation about our homeless is their frequent mental health issues. Through systematic study, we have proven that the majority of mental health issues with our homeless population are the result of drug abuse. Very few individuals start out with mental health problems, the drug abuse is the cause of most mental health issues.

While it is perfectly normal to want to help, giving cash and food to these individuals results in their coming back day in and day out. Instead, reach out to the City for meaningful, long-term assistance. Help is available.

Here are some suggestions when asked for money:

- Apologize and say that you don't have any cash to give and that you only have a credit card

- Explain that you are running late and need to be somewhere

- Text or call the City's homeless ambassadors for immediate assistance

Call the police at (818) 238-3000 to report trespassing on your property; or text or call StreetPlus, the City's homeless outreach contractor at (818) 397-3798 to report public sleeping, encampments and people in need. StreetPlus will send a team to speak with the individual and help them. The great news is that meaningful help is always available to anyone who genuinely needs it and is prepared to accept it. Compassionate help does not mean handing out cash, it means taking the time to reach out for services to provide long-term assistance for those in need.

This is a public service message brought to you by Dreams to Reality Foundation®. ■

Cristina Gutierrez felt a little overwhelmed at the beginning of her internship-it was a new experience that required new abilities. Knowing how to make calls, reschedule appointments, and check insurance was a lot of information to handle at once. With time, she was able to get better at multitasking and got more accustomed to those tasks, and it became fun and exciting. She loved going to the clinic and assisting the staff who make a difference in the community. In Cristina's words: "My interest in orthodontics and dentistry has stemmed from this internship, and I could not be more grateful for this opportunity."

Taryn Vickers practiced and applied important skills like teamwork and public speaking, and also learned about a career field that she is now seeing as a part of her future. She enjoyed the environment and had a great time learning about how a dental clinic functions, and what goes into creating a safe and sanitary space. From learning how to check medical insurance to sweeping the sidewalk, she felt like part of the team. She appreciated how Maryanne, her mentor, was a great leader and showed her how to accomplish so many tasks in the clinic that she became accustomed to working there within the first few days. Taryn told us "It was an informative and enlightening few weeks for me, and with the opportunities that came with working there, like public outreach events and seeing the hygienist work from behind the scenes, it was really enjoyable!"

Jaylah Trejo enjoyed the opportunity to be an intern at the Kids Community Dental Clinic. During the school year, she was given the opportunity to participate in mock interviews, which led to her being interviewed for the clinic. During her time there, she got to see what it was like to be in the field of dentistry, and also learned how to schedule appointments, confirm them, and experience what it was like talking to patients. She really enjoyed doing events outside the clinic, being able to talk to people about dentistry and see the dental hygienist working hands on. Jaylah let us know that "Overall, this experience has been fun for me. It has opened a door into the den-

tal field for me to explore, and has led me to think about a career as a dentist."

Alisha Keawkingkeow immediately knew she wanted to intern at the Kids Community Dental Clinic due to the organization's efforts to contribute to public health, and its mission to give students opportunities in and outside of

the clinic. Completing her internship with KCDC, she was able to fulfill her goals to contribute to the community, experience growth as an individual, and further explore the dental field. She also had the opportunity to learn about running a non-profit, and attend outreach events to present the importance of oral hygiene to children. Initially, she was hesitant to attend the outreach events, but it turned out to be one of her favorite and most impactful parts of the internship. She became more comfortable speaking in front of others, especially communicating directly with patients. Alisha said "It is great to look back at my growth... I gained valuable skills that I will find helpful in future career opportunities-working effectively with a team, problem-solving, and enhancing my communication skills. I am grateful for my opportunity at KCDC. Although my summer internship has come to an end, I look forward to continuing to hold my connection with the kindhearted staff, and returning to volunteer at the Kids Community Dental Clinic."

A very big thank you and well wishes for the future to all our summer interns! ■
