## Brad Named "Best Real Estate Agent in Burbank"

To know Burbank is to love Burbank — that's how Brad Korb has felt about his hometown since he arrived there as a teen in the mid 1970s. A "military brat" who'd moved from place to place up to then, he decided to adopt Burbank for life. By the time he was 20, he had a real estate license and a dream of becoming the most honest, accountable, and best real estate agent in town. In the years since, he's become well known for his generous, steady support of community causes. Although Brad's status as a top-ranking agent has since been nationally noted in such venues as the *Wall Street Journal* and he's frequently recognized by industry leaders as one of the most successful and productive agents in the U.S., being named "Best Real Estate Agent in Burbank" by readers of the *Burbank Leader* tops every other honor, in his book.

"I'm humbled, touched, and thrilled," Korb says. "The good people of Burbank are why I've been able to enjoy such success over the years. I am very grateful for their support and trust — it is as important to me as home and family. Thank you, Burbank!" ■

### Through the Decades, Lions Serve the Burbank Community

By Marva Murphy

It was the flip of a coin that established Marty Graybill as the first president of the newly chartered Burbank Noon Lions club, in 1968. Graybill, a leading State Farm Insurance Agent in Burbank and Mike Kubasak, Director of family owned Valley Funeral Home at the time, crossed paths, and resolved to form the second Lions club. A group of older, less active Lions were meeting in the morning, but suggested to the duo that a new club of young professionals, meeting at lunchtime, would best help the residents. Graybill and Kubasak felt it was their responsibility to not only give back to the community, but to help people who did not have the resources or connections to help themselves.

Marty Graybill

As part of the chartering process for a new club, a president needed to be selected. Since it was just Kubasak and Graybill leading the way to recruit members, they decided who would be president by flipping a coin while having lunch.

So began 47 years of service to Burbank, and the initiation of vision programs in the prevention of blindness, which continues to this day. The new club worked with Burbank Unified School District (BUSD) and the School Resource Officer of the Burbank Police Department. Free eye examinations were provided for high school students, especially those who were identified with behavior issues or poor grades. The Police and BUSD both reported grades and behavior dramatically improved for the formerly troubled students following

receipt of the free exams and eyeglasses. Today's Burbank Noon Lions continue providing free eye exams and glasses for income qualifying Burbank residents of all ages. Most recently, in the quest to preserve vision, club members began the KidSight Burbank project, which offers free eye screenings for children six months to six years, in order to identify undetected vision problems affecting normal learning and development in very young children.

The early Burbank Noon Lions club also painted homes of people who were blind or handicapped; provided many Seeing Eye dogs as part of the Guide Dogs program and as a result of an affiliation with St. John's Hospital and the Lions Clinic located within the facility, saw to it that several major eye surgeries were performed for low-income residents. In addition to the vision programs, which continue, the current club also offers free exams and hearing aids for income eligible residents with hearing loss.

Those interested in becoming a member of the Burbank Noon Lions, learning about programs or supporting the club's continuing projects, are asked to visit [www.burbanknoonlions.org](http://www.burbanknoonlions.org), call 818-955-8018 and/or make a tax-deductible contribution.

*NOTE: Burbank Noon Lions Club Charter President Marty Graybill passed away in September in Utah. He was also long-time member of the Burbank Reserve Police Officers Association. Graybill is survived by his wife, Debbie and a daughter (also) Debbie Whiting and four grandchildren. ■*

Presenter Galen Wilkes has loved the arts & entertainment of the early 20th century literally since he was a toddler. He was first introduced to the player piano at age 2 and has been hooked on that era ever since. Captivated by ragtime music, he took to broadcasting over the radio, publishing for magazines and record companies and making appearances at festivals. As a recognized expert on all things from the early 20th Century, Mr. Wilkes was wildly popular at last year's Halloween Silent Film Fest at the Burbank Historical Society and we are thrilled that he is returning to deliver even more fun.

### Great Job, Burbank! Keep Up the Savings!

Burbank is off to a great start by saving **152 million** gallons of water in June. If we keep up this pace, we are on track to meeting our Billion Gallon Challenge.

85% of our goal comes from reducing outdoor watering. Sticking to the outdoor watering schedule is key to reaching this goal.

APRIL to OCTOBER  
2 DAYS PER WEEK  
ON TUESDAY & SATURDAY
NOVEMBER to MARCH  
1 DAY PER WEEK  
ON SATURDAY

View the latest water savings at [BurbankWaterAndPower.com](http://BurbankWaterAndPower.com)

### WHY BURBANK'S WATER SAVINGS HAS TO STAY STRONG

Imagine Burbank must save one bottle of water a month to add up to our water savings goal. Here's what will happen if Burbank doesn't stay on top of our Billion Gallon Challenge each month.

The Billion Gallon Challenge is spread over 9 months—from June 2015 to February 2016.	If Burbank reaches only half of June's savings goal, then water that isn't saved in June becomes part of July's goal.	What isn't saved in June and July, gets passed to August...	...and at some point, we can't catch up.
Not meeting our goal results in state fines that affect everyone.

### Casino Paradise Benefiting Kids' Community Dental Clinic

September 19, 2015 at Media Studios North

A host of friends, family and local dignitaries gathered under the stars at Kids' Community Dental Clinic's annual fundraising event, Casino Paradise.

The proceeds from this record-breaking event will go directly towards maintaining the operation of the Kids' Community Dental Clinic, which annually serves thousands of our lower income children and families from Burbank and local surrounding communities.

A big thank you goes out to their generous gold and silver sponsors, Warner Bros., Disney, Cartoon Network, FotoKem, Adstream and all Burbank-based businesses that continue to support the community and helped to make this fundraiser a success.

Photo by Ross Benson

The Kids' Community Dental Clinic (KCDC) is a 501(C)3 organization dedicated to improving children's oral health through quality dental care and preventive education for uninsured and low-income families. KCDC, as it is also known, operates solely through the generosity of local dentists and dental professionals who volunteer their time providing thousands of hours of service to more than 8,500 children each year through school-linked programs and 1,200 within the Clinic who otherwise could not afford dental care.

If you would like to find out how to support The Kids' Community Dental Clinic, please call (818) 841-8010. Kids' Community Dental Clinic is located at 400 W. Elmwood Avenue in Burbank, CA and serves communities from all over Southern California. ■

### Farmers Market Says "Thank You"

#### By Elaine Paonessa Farmers Market Guild President

On behalf of the Burbank Farmers Guild, the Providence St. Joseph Foundation, our California Farmers, and the City of Burbank, we would like to thank all of our market patrons from Burbank and the surrounding areas for their support for the past 32 successful years. Through the Market and the Providence St Joseph Foundation as many as 12,000 people are

able to receive necessary medical treatment. It is wonderful to see the same friendly and happy patrons every Saturday. It is an honor for us to be able to make this pleasant experience happen for so many. One patron once said, "Saturday would not be Saturday in Burbank without the Burbank Farmers Market". Once again, thank you all and we will see you on any Saturday, rain or shine, from 8:00 am-12:30 pm, at Glenoaks and Olive Avenue. ■

### For Korb, Growing Families represent 'Burbank's future'

A couple of hugs and a gift card were Brad Korb's way of saying "Welcome to Burbank, Baby Jack!" Korb first learned about Jack from his parents, Hayley Opalek and Kevin McSherry, after checking in recently to see how they were getting along in the condominium that Brad and his team sold them about four years ago. Korb was so pleased to hear about the new addition to the family that he asked if he could meet Jack personally.

"When I see these brand new Burbank residents — Jack is about 18 months old — it's exciting for me because they represent Burbank's future," said Korb, who's been selling homes in Burbank for more than 36 years. "It makes me feel good to know that the Brad Korb Team is a part of such an important process." ■

- As you are shopping for your holiday meals, purchase a few duplicates of those traditional holiday foods for BTAC.
- If you qualify for the free house-brand turkey, but really want the Butterball, please take the free turkey for BTAC! In November and December, BTAC will distribute almost 1,000 turkeys!
- Through Santa's Room, BTAC will help ensure kids have a merry Christmas. Gifts for teens are especially needed. And gift cards are also welcome.

#### Fresh Fruits & Vegetables

If your trees or gardens are producing more than you can use, please consider sharing the excess with BTAC. Our families especially enjoy having fresh fruits and vegetables.

#### BTAC Donation Policy

BTAC can accept only monetary and food donations. When deciding what food items to donate, keep in mind the kind of things your family needs and enjoys. Also, our families especially enjoy macaroni & cheese, peanut butter, jelly, canned fruits and vegetables. #### Did you take vacation this summer?

Have you amassed a collection of hotel soaps, shampoos, etc.? If so, BTAC needs them. Every day, homeless men and women shower at BTAC. The small sizes are great for them to use.

#### BTAC is running low on hygiene items!

Also, BTAC's stock of full-size hygiene items is extremely low. If you see soaps, shampoos, razors, toothpaste, toothbrushes (individually wrapped), deodorants and other items on sale, please keep BTAC in mind.

#### The kids are back in school

With the kids back in school, BTAC needs items that would work in lunches. When deciding what food items to donate, keep in mind the kind of things your family needs and enjoys.

#### And another Thank You!

Year-round, the Burbank community supports BTAC in so many ways. We appreciate all you do to help BTAC serve people who are in need.

## Local Burbank Youth Named a Finalist in Nationwide Reading Contest

12-Year Old Member of the Boys & Girls Club of Burbank and Greater East Valley named a Finalist in "Make Good Reads Happen" Literacy Contest; Public Vote through October 9 Will Determine the Winner

A local Burbank youth who attends the Boys & Girls Club of Burbank and Greater East Valley was named a finalist in Boys & Girls Clubs of America (BGCA)'s nationwide reading contest, "Make Good Reads Happen." Danika C., 12, was named a finalist this week for bringing "The House on Mango Street" by Sandra Cisneros to life using her imagination and creativity.

"We are so proud of Danika. What a tremendous accomplishment to be named a finalist. We urge everyone to vote for Danika and we encourage all of members to follow Danika's example and make reading a part of your life," said Shanna Warren, CEO of the Boys & Girls Club of Burbank and GEV.

Finalist voting is open now. The public will determine the contest winner by visiting [bgca.org/MakeGoodReadsHappen](http://bgca.org/MakeGoodReadsHappen) and selecting from six finalists. Voting will remain open until 3 p.m. ET on Friday, October 9, 2015. The public can vote one time per hour during the open voting period. Each week, someone who voted will be randomly selected to win an eReader provided by Staples for themselves and for a Club of their choice. Two winning Club members (one per age group) will receive an eReader, "Staples Swag Bag" and a Staples gift card, and their Club will receive a reading celebration event.

The "Make Good Reads Happen" contest, supported by BGCA and Staples, is an extension of Summer Brain Gain: READ!, a literacy program created to help prevent summer learning loss at Boys & Girls Clubs around the country. Launched in the summer of 2014, Summer Brain Gain: READ! is a 12-week summer reading program designed to improve and reinforce literacy skills for America's youth. Boys & Girls Club youth are presented with age-specific books each week, along with supporting activities. In addition to two 30-minute reading sessions each week, members complete fun activities that bring the book to life.

Each summer, an estimated 43 million children in the U.S. miss out on expanded learning opportunities that could prevent them from falling behind before the next school year begins. The Summer Brain Gain: READ! program not only helps prepare children for their upcoming school year, but they also learn to value and appreciate reading.

"We are thrilled to offer the 'Make Good Reads Happen' contest for a second season and see the lat-

est creativity of our young readers," said Emily McCann, senior manager of community and giving for Staples, Inc. "Inspiring a love of reading at a young age is an important step in improving vocabulary and grammar skills that will last a lifetime."

The "Make Good Reads Happen" contest entry period was open to Boys & Girls Club members who participated in the Summer Brain Gain: READ! program. Club members in elementary school (first to fifth grade) had the option to dress up as their favorite character from their selected Summer Brain Gain: READ! book or design a movie poster to promote the premiere of their book. Middle and high school members (sixth to 12th grade) could host a talk show, creating a list of thought-provoking questions to ask the subjects of the book, or rewrite the ending to their favorite book.

For more information about Summer Brain Gain: READ!, please visit [www.bgca.org/braingain](http://www.bgca.org/braingain).

### Burbank Tournament of Roses Association

By Robert Hutt

In case you are reading this on October 3rd and it is not yet 4:00 PM, you need to immediately get over to our float construction site for our annual Craft Faire! You're sure to find some great gifts for someone at more than two dozen vendors! You can also treat yourself to a delicious shave ice and kettle corn! Everything you buy helps to build Burbank's next Rose Parade float! If October 3rd has passed ... never mind.

In case you are reading this and it is not yet October 13th you need to mark the date and be sure to join us at California Pizza Kitchen (601 N. San Fernando Road) in Burbank for our next Dine Out Fundraiser! Be sure to download the flyer from our website before you go, then you can relax as you eat lunch and/or dinner knowing that, with every bite, you are helping to build Burbank's next Rose Parade float!

Having completed our first inspection and test drive, our efforts are now focused on getting ready for float foaming, which is usually scheduled for a couple of days after Thanksgiving! The first step is getting all the animated characters mounted on the float chassis. Next, the general contours of the float surface must be defined with a grid work of steel rods. Nearly all of this work involves welding which is beyond the skills of our typical volunteers. However, if you

have some welding skills and would like to add "worked on rose parade float" to your resume, please give us a call!

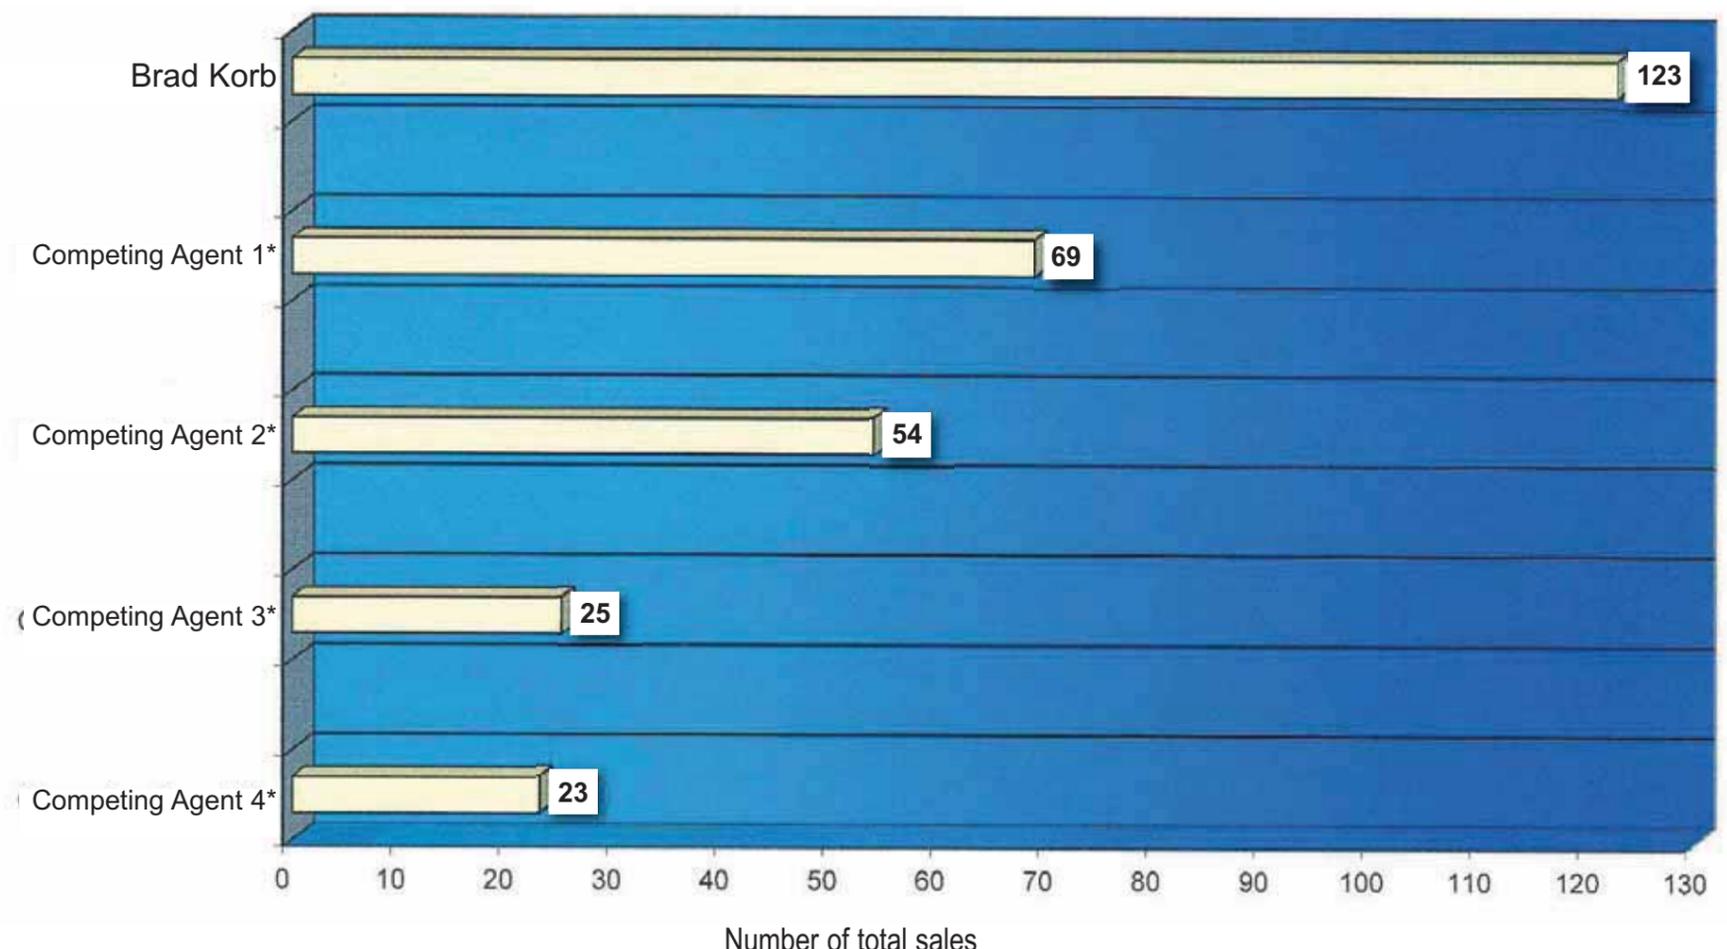

After the grid work is complete, there is plenty of work for our typical volunteers! The grid work is usually done with a six inch spacing and to fill in the gaps, it must be covered with chicken wire. The chicken wire is fastened to the grid with hog rings. A hog ring is basically a huge staple and each one is fastened by hand, one at a time. Finally, the chicken wire is covered with old bed sheets which are fastened with hog rings, by hand, one at a time.

The foam is really roofing foam and we use a contractor who sprays it where we tell him. Were it not for the bedsheets and chicken wire, the entire interior of the float chassis would be covered with a thick layer of icky sticky foam! When the foam cures in a couple of hours, it is hard enough to walk on. We use saws to cut open all the hatches. Now we are ready for volunteers to do some painting!

Our normal work schedule is Wednesdays and Saturdays between 10:00 AM and 4:00 PM. The construction site is located at 123 W. Olive Ave. Please park in the Metro Link lot. Questions? Call the Barn at 818-840-0060 and leave a message or visit our website at: [www.BurbankRoseFloat.com](http://www.BurbankRoseFloat.com)! Follow us on Facebook, too! ■

### Client Spotlight:

Millie Vickovic,  
Insurance  
Agent  
Extraordinaire!

People who love their jobs tend to be excellent professionals. A case in point is Millie Vickovic, an insurance agent who has been affiliated with Farmers Insurance for so long that “after 25 years, I stopped counting,” she says. A former indirect client of Brad Korb, who helped her mother sell an investment property in Burbank and then buy a condo in a 55-plus community, Vickovic sells every kind of insurance, from home policies to health plans.

“I can insure any home because if Farmers can’t cover it, I have other carriers that can,” says Vickovic. “I sell home warrantee products that are great for new buyers, health insurance, car insurance, and just about every other kind of insurance — there’s something really satisfying in covering such a full spectrum in this industry. I think it comes from knowing that you’re helping people in an important way.”

Vickovic was so impressed with Korb’s professionalism and ability to deliver results as promised when he dealt with her mother a few years ago, that she has since referred many of her own insurance clients to him. Likewise, Korb is pleased to refer her to Burbank Bulletin readers: learn more about Vickovic at [www.FarmersAgent.com/MVickovic](http://www.FarmersAgent.com/MVickovic), or call her direct at 818-244-4256. ■

## Burbank Community YMCA Preschool Launches Healthy Lunch Program

*Le Cordon Bleu Chef Kindrick Brooke Creates Healthy & Fun Meals*

The Burbank Community YMCA, in its continuing mission to make sure that kids grow up healthy, launched a new healthy lunch program at the Child Development Center, made possible through a generous \$5,000 grant from the Grainger Foundation. The lunches started on August 31 as an expansion of the existing healthy snacks program, and an onsite chef now cooks and serves 72 nutritious lunches in addition to 63 morning and 170 after-school snacks every day.

"The Child Development Center has always provided healthy snacks that align with the YMCA's Healthy Eating and Physical Activity Standards (HEPA)," noted Angela Buck, YMCA Preschool Director. "Including lunch in our program gives families extra convenience along with the confidence that their children are receiving the highest quality and most nutritious meals. Additionally, our partnership with The Fruit Guys let us provide fresh and diverse produce to the children, further introducing them to new flavors and healthy foods. It is something of which we are truly proud."

Leading the program is Chef Kindrick Brooke, a graduate of the Le Cordon Bleu College of Culinary Arts in Pasadena. When he cooks for the kids, Brooke combines 10 years of catering experience with on-the-job training provided by his three-year-old daughter. "Good ingredients taste good and my job as a chef is to not mess that up," says Brooke. "I make things that I would like to eat... and so do the kids. Even broccoli!"

Brooke has created a menu of healthy choices that kids love, while also taking allergies and dietary restrictions into consideration, making special accommodations for food sensitivities when necessary. One of his favorite recipes (for kids and adults) is green bean hummus (see sidebar for recipe). "It's a great way to incorporate vegetables into a meal, particularly when served with crudites."

The ingredients are sourced from local vendors, and sometimes parents even donate fresh vegetables from their gardens, which

From left: Priscilla Vega, Preschool Teacher and Angela Buck, Preschool Director show off fresh produce in the Burbank Community YMCA Child Development Center's outdoor classroom.

Brooke incorporates into his meal planning. "A parent brought in 40 pounds of fresh tomatoes, that I made into a homemade marinara sauce, and a two-and-a-half-foot butternut squash, which I pureed and used as the base for a healthy mac 'n' cheese dish."

The meals are served family style to teach kids table manners from an early age. "I really love the whole family dining style," says Preschool teacher Priscilla Vega. "Kids learn how to serve themselves and it brings the children together as a family during lunch. It makes them feel capable and independent."

"I'm really excited to be working with the Burbank Community YMCA Child Development Center," Chef Brooke says, "not only because I love cooking, but it's also close to my home and the regular hours allow me to spend more time with my daughter."

The Child Development Center is registering now for Preschool (ages 18 months to 5 years) and Transitional Kindergarten programs. If you are interested in enrolling your child, please contact Rebecca Kelly, CDC Administrator, at (818) 562-5461 or rebecca@burbankymca.org, or learn more online at www.burbankymca.org.
